

The prevention, detection, assessment
and nursing management of

Delirium

Delirium Study Day

19 October 2020

Bryant Education Centre BEC
Auditorium Waikato Hospital

We explore key principles of delirium care while adding some new themes:

- “Dare to say the D-Word!!”
- Intellectually Disabled Individuals with delirium – caring for this important group
- Educating patients and their families about delirium
- Delirium affects all age groups and all patients
- Delirium being recognised in the broader context

To enrol please email:

NursingClinicalEducation@waikatodhb.health.nz

Registration time is: 0815hrs

Study day programme begins 0830hrs ends by 1530hrs
